

PATIENT WEB PORTAL

1. Go to <https://health.eclinicalworks.com/annarborendo>

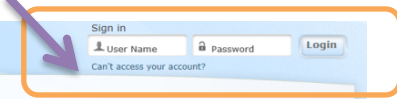

OR www.annarborendo.com

and follow the link for the patient portal

- Your **username is the email you provided to the office**. For example: *john.doe@gmail.com*
- Your password is **welcome1** (all lower case)

Use your username and password to login

***TIP: Click here if you forgot your username or need to reset your password**

3. Reset your password and choose a security question.

4. Agree to the consent forms.

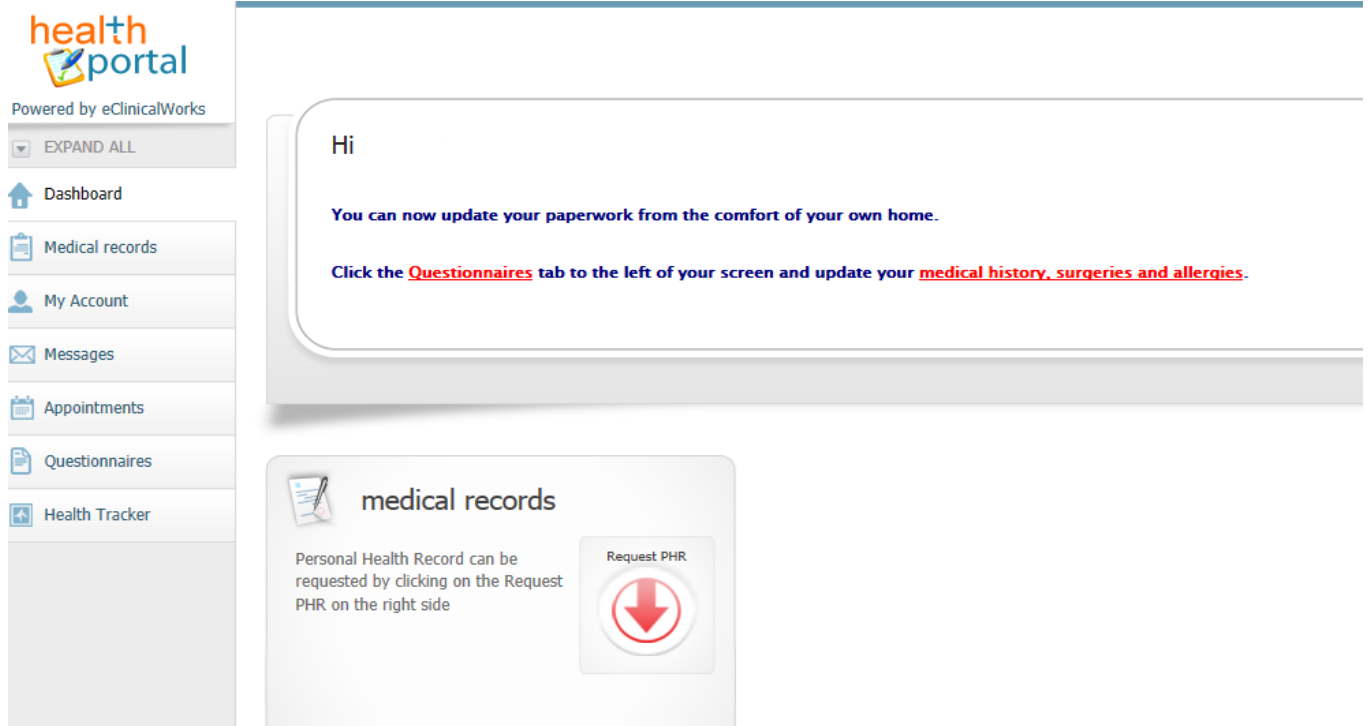

2. Once you login you will need to enter your date of birth or phone number

You can use the left hand tabs on the home screen of the portal to communicate directly with your doctor, requests refills, view your lab results, change appointment times and more!

5. Welcome to the patient portal!

Navigating your patient portal

Dashboard: This is your home page to the portal

Medical Records: Chose this tab to view your lab results

My Account: Use this tab to view or change your demographic information such as your address, telephone number, primary care doctor or pharmacy

Messages: The messages tabs allows you to send a message to your doctor, view their response or request a medication refill

Appointments: This tab is where you can manage your appointments as well as view your historical appointments

Questionnaires: Utilize this tab to fill out the patient paperwork (yes and no questions) and to update your medical, prescription and surgical history
